## VertiKlean® Mop Head

Single use foam mop head for VertiKlean Wall Washing System, Large

## **Description**

The VertiKlean single use foam mop head is used with corresponding hardware for wet cleaning walls and ceilings and applying disinfectants in sterile and non-sterile environments. The laser-cut mop head consists of polyester fabric laminated to clean ester foam that provides excellent liquid sorbency as well as good abrasion resistance.

The VertiKlean Wall Washing System provides complete range of motion and is ideal for cleaning large surfaces and award corners and ceilings. Mop heads are available sterile per AAMI guidelines and are compatible with a wide range of solutions and disinfectants. Recommended for single use due to possible cross contamination.

Compatible with frame part number 2653A.
